

NEWINGTON PUBLIC SCHOOL
SCHOOL EXCELLENCE FRAMEWORK
2018 SCHOOL SELF-ASSESSMENT SURVEY

As part of the school planning, self-assessment and reporting cycle of School Excellence, all schools self-assess using the elements of the School Excellence Framework (SEF) across the domains of learning, teaching and leading. Schools critically reflect on their school improvement efforts to inform their decision making process for future directions.

This School Excellence Framework Self-assessment Survey (SEF S-aS) has been designed to support schools to capture the “point-in-time” judgement that has been informed by their ongoing self-assessment processes using the School Excellence Framework.

The statements of excellence in the School Excellence Framework are central to guiding a school’s reflection on each element. The on-balance judgement determined by the school is a reflection of the school’s progress on these statements.
